Short info about me

Experienced System Architect and Technical Lead with 25+ years delivering resilient, scalable systems across government and enterprise. Designed and led large public-sector platforms (tax, SEPA), managed cross-functional engineering teams, and modernized legacy infrastructure using cloud-native and event-driven approaches. More info at <https://bykovas.github.io>

Desired salary

4500 Eur (net / taxes excluded)

Job status

Possible start of work: After 20 calendar days

Work experience

2016 - Present

Freelance / Contract / Public Sector, Vilnius

9 years

9 months

System Architect – Government & Enterprise

- VMI – EDS4: Designed modular, scalable architecture for Lithuania's electronic tax platform. Enabled 10M+ annual declarations across departments.
- Bank of Lithuania – Centrolink: Built SEPA payment system integrating RT1, STEP2, TARGET, and TIPS (EBA). Handled 500k+ daily transactions with high resilience.
- Vilniaus Vandenys: Embedded telemetry system for unmanned refill stations. CV-based vehicle access, cloud aggregation, secure remote diagnostics.

2014 - 2017

Flinke Folk AS

3 years

CEO / Team Lead / Engineering Manager

- Built and led Lithuanian engineering branch (12+ devs)
- Delivered SaaS platforms for logistics, HR, and estimation for oil & gas sector
- Responsible for hiring, architecture, and product delivery

2004 - 2014

Senior Developer & Systems Admin

10 years

- BDO: Document workflows on SharePoint + Azure
- Lauresta: ERP suite of 70+ apps + on-prem infra (Exchange, VMware)
- Galeo / Luktarna: Payment systems across 400+ gas stations (C#, Java, SQL)

Education

2012 - 2014

Educational institution

2 years

Informatikos Inžinerija

Master
